

Summary of Changes for the South East

This is a summary of the more important and larger changes. There will be other minor ones not listed, therefore please ensure that you still read the entire document. This document is meant as complimentary to the national scheme and does not in any way release the reader from the necessity to read the National scheme as well.

- Tramp news handbook now published on BG website. (section 1.01)
- The South East Scheme will now run from January 1st – 31st December of every competition year, in line with the National Scheme. (section 1.02), again please destroy any previous editions of both of these documents as substantial changes have been made to both.
- Special Needs (section 1.04) now has a National Structure which the Region has adopted, whilst also remaining with an inclusive system within the regional scheme.
- LTAD Further explanation of Fast Tracking (section 1.08)
- Clarification on H & I participation (section 2.01)
- South East Database – explanation (section 2.03)
- Fast tracking/Leapfrogging – score requirements. (section 2.04)
- Validation/Accreditation (section 5.07) People have been found in the competition arena that should not have been there. For the coming season, these penalties will be enforced.
- Regional Championships – Please re-read this section as much of the eligibility has changed for this event. (section 6.01)
